

M2 Dovetail Cutter

DESCRIPTION & FEATURES

Precision 60-degree dovetail milling cutters engineered to cut trapezoidal dovetail slots and machine guide ways. Features dynamic relief angles for smooth cutting action.

- ▶ 60° inclusive cutting angle precision ground to tight angular tolerances
- ▶ Robust cylindrical shank with Weldon driving flat
- ▶ Designed for machining machine tool slides, jigs, and fixtures
- ▶ Multi-flute configuration ensures chatter-free cutter engagement

TECHNICAL SPECS

Cutting Angle	60° Inclusive
Profile Standard	DIN 1833 Form C
Shank Type	Cylindrical with Flat
Application	Machine tool slide ways, fixture keyways

SKU & Dimensional Ordering Matrix

SKU	GTIN / BARCODE	DIMENSIONS	GRADE / STANDARD
